# Revelation 17 speaks of this place...

[Revelation 17:1-2](#) tells us, “Then one of the seven angels who had the seven bowls came and talked with me, saying to me, ‘Come, I will show you the judgment of the great harlot who sits on many waters, with whom the kings of the earth committed fornication (**Bohemian Grove**), and the inhabitants of the earth were made drunk with the wine of her fornication.’”

[Revelation 17:5](#) goes on to say, “And on her forehead a name was written: MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND OF THE ABOMINATIONS OF THE EARTH.”

# Revelation 18:23

Revelation 18:23: And the light of a lamp will never shine in you again! And the sound of a bridegroom and bride will never be heard in you again! For your merchants were the most important people of the earth, because with your **sorcery** they deceived all the nations.

# The Truth – the Brook Jackson FCA Lawsuit

- Pfizer's defense was that the government knew there were no clinical trials so they could not defraud the government, and the government reinforced that defense. Pfizer produced an Other Transaction Authority (OTA) contract in its defense. This means the Department of Defense (DOD) was paying for the manufacture of a large-scale prototype, eliminating public protections and creating no accountability by Pfizer. Pfizer was given authority to create a prototype, not a vaccine, as a countermeasure/bioweapon under a military contract.
- Case 1:21-cv-00008-MJT Document 96 Filed 03/31/23 Page 41 of 48 PageID #: 2335: Absent from the Amended Complaint, however, are factual allegations indicating that the alleged violations at the Ventavia sites resulted in the FDA receiving fabricated, inaccurate, or misleading data about the safety or efficacy of the vaccine
- August 25, 2023 letter from Pfizer attorney to judge, because Brook Jackson continues to speak out (page 4): "As the above facts show, the Government's approval, payment, and support for the safety and efficacy of the COVID-19 vaccine has been consistent during both the Biden and Trump Administrations. Both administrations have rejected Relator's false assertions that the vaccine is unsafe and ineffective. And most significantly for this case, both administrations have continued to contract for, approve, and pay for the vaccine with full knowledge of Relator's allegations." **Why don't they sue her for defamation???**

## The White Coat: A Veil for State Killing?

by [Joel Zivot, MD](#) August 17, 2014

*In this guest post, Joel Zivot, MD, of Emory University Hospital, recounts witnessing an execution by lethal injection, and laments the secrecy surrounding the identity of physicians who participate.*

"This cannot be permitted. If the state prevents the board from regulating certain doctors, public health can be undermined in secret. If the state has the power to immunize physicians from oversight of their peers and colleagues, they have a terrible power to pervert the delivery of healthcare for some bureaucrat's idea of the public good. It is a horrific precedent that can be abused, even with the best of intentions."

## Doctors requesting lethal injection drugs to help treat COVID-19 patients

by [Rebecca Pryor](#)  
Tuesday, April 14th, 2020

OKLAHOMA CITY (KOKH) — Doctors from across the nation have written an open letter to all states that allow the death penalty asking them to donate certain lethal injection drugs that are also being used to treat coronavirus patients.

Drugs used to carry out the death penalty such as fentanyl, midazolam, vecuronium bromide, and rocuronium bromide; are now listed by the American Society of Health-System Pharmacists as being in short supply.

Excerpts from the letter:

Dear [State](#) Correctional Facility Directors,

As pharmacists, public health experts, and front-line ICU doctors serving patients at the bedside, we write to inform you that many of the medicines [your states are currently holding for use in lethal injection executions are in short supply and desperately needed to treat patients suffering from COVID-19](#). We respectfully request that you release these medicines to healthcare facilities in your states so they may be used to treat COVID-19 patients.

As you will be aware, healthcare workers across the United States are facing unprecedented shortages of vital resources needed to battle COVID-19. Scarce resources include not only ventilators and masks, but also key medicines such as sedatives and paralytics needed for intubation and mechanical ventilation. Many of the medicines needed during this critical time are the same drugs used in lethal injection executions.

Sedatives and paralytics are already in dangerously short supply across our nation and will become scarcer as this virus continues to sweep through our hospitals. Four drugs in many of your states' execution protocols, midazolam, vecuronium bromide, rocuronium bromide, and fentanyl, are currently listed on shortage by the American Society of Health-System Pharmacists (ASHP), with midazolam and fentanyl also listed on shortage with the Food & Drug Administration (FDA). At the bedside, we are already rationing the use of both midazolam and fentanyl.

Sincerely,

[Joel B. Zivot, MD, FRCP\(C\), MA](#)
